Our Privacy Policy explains:

- What information we collect and why we collect it.
- How we use that information

Information we collect:

We collect information to provide our users better services through collecting Camera samples and their co-ordinates.

How we use that information:

We use camera samples and attached co-ordinates taken from the app to provide users with information regarding geo-tagged areas and areas in need of development or areas that are going to be part of survey which can be later on previewed by going to our feature rich companion website where we feature Both information on a Map based and also tabular format for better understanding of the recorded data.
